

Hi,

Heaps of new things happening this month ...

Whether it's personalising your preserves, planning your meals for the upcoming week or writing a 'serious' letter, Note Couture now has it covered with our new Jam Labels, Menu Planner and A4 Letterhead.

Now you can stick on your own personalised labels when you make your jam, preserves, or sauces - fabulous if giving a jar as a gift. Currently the illustrations added are Apricot, Strawberry, Lemon (terrific for lemon curd or preserved lemon), Orange (marmalade), Raspberry, and Cherry; (Tomato - terrific for Tomato Sauce and Passata - will be added in the next few days). Plus you can also get your label with one of the personalised characters - BBQ man and Chef Woman look very cute!

Or if you like organising your upcoming week's meals - then check out the seven day Menu Planner which has space for breakfast, lunch, dinner and snacks, plus an area where you can make a note of any items you may need to purchase at the supermarket. 55 pages in a pad so the whole year is covered. (Thanks for the suggestion Sharee!)

If you need to write some 'serious words' then our new A4 letterhead will be just 'write' for you. This format has been added to most of the designs in the ['Name/Address'](#) Collection. You can also purchase 'follow on' paper. What is this you ask? When your letter extends to a second page, then you can use a follower - blank A4 paper in the same gorgeous paper stock as your letterhead.

The paper stock is beautiful with a lovely texture and feel - a mid weight bright white paper with a fine, faint horizontal self-stripe. One of the reasons I chose this paper stock is because the self-stripe helps you write in a straight line - I doubt I'm the only one who has trouble doing this!

As these items are available against only a few illustrations, the easiest way to find them on the website is via the [Search](#) page - tick the appropriate box in the list of formats and then click on the Search button at the base of that list, and hey presto!

### Loads of new Characters added

Kathryn's has been madly drawing up wonderful new [Characters](#) - Bike man and woman, Cricket man, Yoga woman, Lawnbowls man and woman, Computer man and boy, Horseriding man and woman and running man and woman. Check them out - sooooo cute - she's very clever :-)

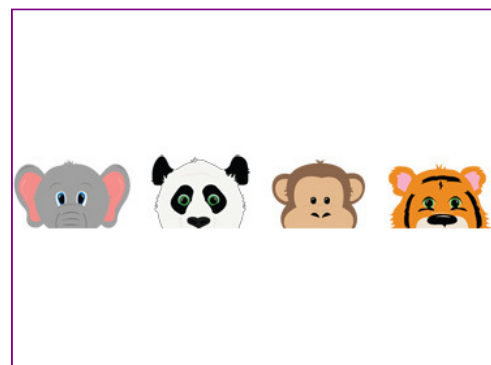

Wonderful

new illustrations ...

[Wisteria](#) (illustrated by Amy Shaw who created '[Cherry Blossom](#)') is a simply stunning illustration - fabulous for correspondence cards, notepads, or writing a note.

[Animals Peeking](#) (also by Amy) is sensational for a party invite, kids thank you card, or as a family notepad.

**Macaroons** - what can I say - macaroons are my new addiction - on my desk and in my mouth (talk about the sublime to the ridiculous - serious workouts at the gym in the morning, followed by a macaroon in the afternoon - not good but extremely yummy - particularly the lemon curd ones!) I adore this pic!

I've also added **I'm so sorry** - very useful to have on hand for when you need to write a bereavement letter (or perhaps as a humorous gift to that friend who keeps putting their foot in their mouth).

As usual you can view these new illustrations via the home page at <http://www.notecouture.com.au/> - at the top of the home page you will see 7 new illustrations - click on the 'view more' wording to see the full selection of recently added illustrations.

### New on the website - Reward Notes

I'm always incredibly grateful to everyone for their generous 'word-of-mouth' marketing. So much of my business is return customers or referral. So now as a thank you I've introduced '**Reward Notes**'. If you would like to introduce friends to Note Couture via the website, they will be emailed a promotional coupon which gives them 10% off their first purchase and a note from us saying that you love Note Couture and thought they may too. And when they redeem their discount code, you too will receive a nice 'reward'.

### Colour Chart

For those of you who are creative and like to change colours when you order, I've tried to make it a bit easier when it comes to naming colours - there's now a '**Colour Chart**' link on the website, which shows a selection of colours and the names that I call them. Of course if you feel that the colour you want isn't on this chart, then feel free to throw a colour description at me and I'll see if I can match it up.

### Coming soon

I will be adding a dedicated shopping list soon - if you'd like to have a say in what's going to be on it, then read my blog post from earlier this week: <http://notecouture.com.au/wordpress/> and leave me a comment. All input appreciated. And my second thanks for today goes to Nik for suggesting this format. :-)

In the meantime, please don't hesitate to contact me if you have any queries, feedback or suggestions - either by email at [Julie@NoteCouture.com.au](mailto:Julie@NoteCouture.com.au) or mobile: 0419 573 954. Catch up next month - and remember, if you no longer wish to receive my newsletter, please click on the unsubscribe link at the base of the page.

Cheers,  
Julie
