

# Note Couture

Hi,

I can't believe I'm talking about it, but Christmas is looming! I've already had orders from some of my super-organised customers, and I've 'turned on' the Christmas range of illustrations for those of you who want to get your Chrissie cards ready for overseas friends and family.

## A September special - just for you...

To encourage those who haven't yet started thinking about Christmas, (and to keep me out of the straight jacket I usually end up wearing after the frantic months of October, November and December), this month I'm offering a 10% discount on your order (excludes postage). Simply type in **SEPT2011** in the promotional code box on the checkout page (and don't forget to click on the 'Save Code' button which lights up pink) and the website will automatically give you your discount. (Note the word SEPT is case sensitive, and there's no space between it and the number 2011.) (The offer is available from today - you don't need to wait til the 1st of September.)

## 2012 Calendars

I got rather carried away when doing the calendars this year - there are now 6 options - as usual there are [Carrie](#) and [Gorgeous Ladies](#) versions, the Shoes Calendar is now [Shoes & Handbags](#), plus there are 3 new versions: [Cats](#), [Dogs](#), and the [Doodle Girls](#). All of these come in 2 sizes - the Mini CD Desk Calendar, and the A4 Hanging Calendar. Email me if you would like a complete list of the illustrations used for any of these calendars. They're a terrific Chrissie gift or a great way to put a smile on your face each month. And of course, the front cover is personalisable with your or the recipients name or a special message.

## What's happening this month?

### Character Car Stickers

Note Couture's 'Characters' are extremely popular ... they're very cute and a lot of fun for family stationery. In fact they're so well-liked I'm now doing a limited range of them as car stickers. You can find them by clicking on the 'Collections' tab, then scroll down the list of Collections, and the 'Car Stickers' collection is just under 'Characters'. I stuck a few on my hubby's car last weekend to show you how they look.

They're a simplified version of the most popular Characters - there are 55 to choose from - men, women, kids, babies and animals They're printed in white, on transparent self adhesive vinyl. (Note: You won't find these via the 'What's new' section on the website as there's so many of them, so click [HERE](#) if you want to have a look-see.)

New Illustrations:

As promised some more illustrations suitable to give as Teacher Gifts. [A+](#), [My teacher rules!](#) and [Blackboard](#). Note that My teacher rules and Blackboard aren't suitable for very long surnames as the longer the surname, the smaller the typeface needs to be - but email me if you're uncertain. :-)

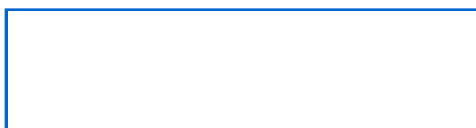

Shoe lovers rejoice with: [Shoes are like dessert ... there's always room for more!](#) And how gorgeous is this [Venetian Glass Lollies](#) pic! Both of these illustrations are by the multi-talented Kathryn Fletcher.

Warning: the Gorgeous Ladies may make you laugh with these 3 'Alcohol Warning' pics:

[WARNING: The consumption of alcohol may make you think you are whispering when you are not!](#)

[WARNING: The consumption of alcohol may make you believe that your ex is really dying for you to text him at 4am!](#)

[WARNING: The consumption of alcohol may make you tell your friends over and over that you love them!](#)

To celebrate the gorgeous new Spring colours, I have added a second version of one of my most popular designs - [Elegant Name & Address Georgia](#). If I had to describe it in fashionista terms, I would say that it's Note Couture's version of colour blocking :-)

For the little ballerina in your life, there's [Ballet Slippers](#). And a new [Christmas Carrie](#) - fabulous for your party invitations or Chrissie To Do List - I think she may have been spending too much time with those saucy Gorgeous Ladies, as she's got a glass of champers in her hand!

And last but definitely not least, this gorgeous Menorah for [Hanukkah](#) - again, brilliant for invites or cards.

### Deluxe Card Holder

Don't forget if you want to make your gift of Note Cards or Correspondence Cards even more special, you can buy the Note Couture deluxe box holder - I have one sitting on my desk in which I place my various note and correspondence cards - and it looks distinctly glamorous ... even if I do say so myself!

### Post It Notes

I'm still trialling post it notes - if you didn't get last months newsletter, then email me if you're interested in purchasing any of Note Couture's designs in Post It Note format, and I can send you the 'how-to order' email. I need to see what interest there is in these before I spend a heap of time (and money) adding them to the website.

As usual, please don't hesitate to contact me if you have any queries, feedback or suggestions - either by email at [Julie@NoteCouture.com.au](mailto:Julie@NoteCouture.com.au) or mobile: 0419 573 954. Look forward to catching up again next month - and remember, if you no longer wish to receive my newsletter, please click on the unsubscribe link at the base of the page.

Cheers,  
Julie
